

37th Himalaya-Karakoram-Tibet Workshop

Torino, Italy

2nd - 4th September 2025

First Circular

For nearly 30 years the Himalaya-Karakoram-Tibet Workshop has provided scholars of the India-Asia collision system a wonderful opportunity for workshop-style discussion with other colleagues working in this region. The 37th International Workshop will be held from 2nd - 4th September in Torino, Italy – please mark your calendar and plan to attend!

Following the format of previous HKT workshops, thematic oral and poster sessions will occur within a single venue to avoid the distraction of parallel sessions.

Important dates

Short course: “*Microtectonics of Himalayan rocks: a tale of beauty*” - h. 9.30 a.m. to 16 p.m. on Monday, September 1st, 2025

Icebreaker party: Evening of Monday, September 1st, 2025

Main workshop: Tuesday through Thursday, September 2nd-4th, 2025

Post-conference field trip: Friday-Saturday, September 5th-6th, 2025

For more details and 37HKT workshop presentation see here:

37HKT Workshop web site and e-mail communication

Updated workshop information will be available on a website coming soon online. You can contact workshop organizers at geologia.himalayana@unito.it

Pre-registration

Please let us know your interest to participate to the different activities via mail to notify your interest in attending 37HKT, and your possible participation in the post-conference field trip.

Short course on “*Microtectonics of Himalayan rocks: a tale of beauty*” will be addressed to students, PhD researchers and early carrier scientists. Maximum number of participants will be fixed at 25, with a “first come- first served” policy.

Abstract submission and payments

More information, including cost and payment, will be available soon on the dedicated website.

Abstracts are invited for both oral and poster presentations. Attendees may request but are not guaranteed an oral presentation. Both oral and poster presentations must be in English.

Location

The conference will be held at Department of Life Science and System Biology, in the city of Torino in Piedmont region, which can be easily reached, via public transport (train and bus), from both the Torino (Caselle Airport) and Milan (Malpensa and Linate Airports) International Airports. Torino can be also accessed from Bologna (Guglielmo Marconi Airport) and Rome (Fiumicino Airport,) connected by high-speed trains (Trenitalia: <http://www.trenitalia.com/> and Italo: <http://www.italotreno.it/>).

Post-conference field trip

We are planning a two-days field trip, to see the beautiful geology of the Western Alps immediately following the workshop.

Advance registration and payment will be required, and deadlines will be posted on the

workshop web site.

Visas for travel to Italy.

Participants are advised to check if they need a visa to enter Italy or whether they qualify for a visa waiver.

Please allow sufficient time for your visa applications to be processed. We can provide invitation letters on request.

See you in Torino!

The 37HKT organizing committee
